

Weekly Report

Week 17: 08/06/2015 - 12/06/2015

Work Developed

This week, writing of the dissertation was started and more results were extracted. The results include the measurement of two image quality assessment quantities: the Peak Signal to Noise Ratio (PSNR) and the Structural Similarity Index (SSIM). Average results for 512x512 images can be seen in the graphs bellow.

Challenges

Next Tasks

Next week, work will be focused on progressing with the writing of the dissertation.

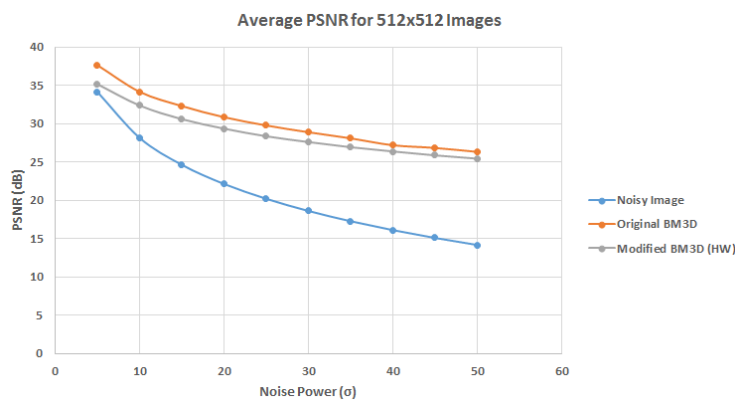

Figure 1: Average PSNR for 512x512 images.

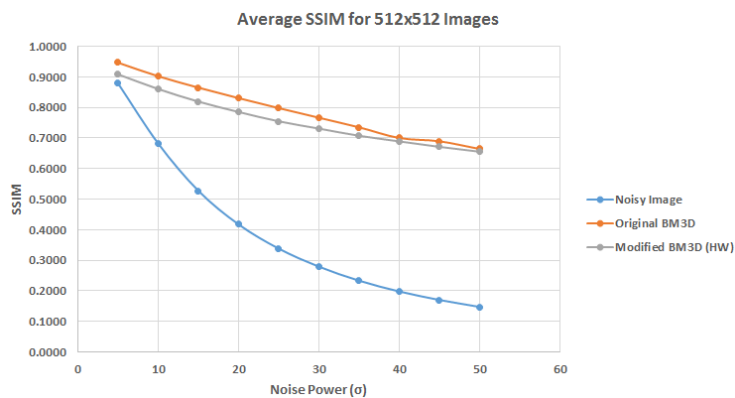

Figure 2: Average SSIM for 512x512 images.
