# Informação geral

## Objetivos do DCE

O Congresso Doutoral de Engenharia, visa incentivar a participação de doutorandos e mestrandos finalistas, de várias áreas da engenharia, no sentido de divulgarem, partilharem e discutirem os seus projetos de investigação. As empresas e institutos são convidados a partilhar desta iniciativa no sentido de apresentarem a sua perspetiva na discussão dos desafios mais atuais das várias áreas de engenharia que são foco do Congresso.

O DCE surge, portanto, como uma excelente oportunidade para promover a importante rede entre a FEUP e outros estudantes nacionais e internacionais de doutoramento, assim como ex-alunos e parceiros industriais.

# Oportunidades de apoio

## Why Sponsor DCE

DCE17 has available three different sponsorship opportunities.

Your company can choose to be a **Gold**, **Silver** or **Bronze** sponsor, according to the opportunity that suits better your wills and needs.

The DCE17's Organizing Committee invites your company or organization to sponsor the 2<sup>nd</sup> edition of this Congress.

Sponsors have here an excellent opportunity to establish a straight communication link between industry needs and PhD students' research achievements. Also, the Congress allows to attend symposia from different engineering fields at an international level in the same event.

Your company can publicize your products and solutions along with job opportunities for PhD nearly-graduated students, hence capturing their interest. Your contribution will be used to reduce the value of the PhD students' registration fees.

Do not forget that your support in this Congress is a clear message that your company values the scientific research and innovation.
