

# **Weekly Report**

## Automatic blood typing scanner through agglutination

MSc Student	Supervisor
Nuno Miguel Duarte Costa	Prof. Rosaldo Rossetti
Co-Supervisor	
Prof. Joaquim Gabriel Magalhes Mendes	

May 30, 2014

Week Start:	May 26, 2014
Week End:	May 30, 2014

### **1 Work Developed**

- Application:
  - Development of application to bootstrap classification datasets with extracted image features.

### **2 Future Work**

- Application:
  - Merge segmentation, feature extraction and classification routines.
