All the Conference rooms have a computer. We ask all of those giving talks to bring their slides in pdf format. That should be uploaded in the room computer before the starting of the session. The computers have Power Point installed but power point presentations may suffer changes of format with different versions of Power point.

It is also possible to connect your own computers. However, this may cause some delays. Note that since we have 5 or 6 parallel sessions all the sessions should follow the schedule strictly to allow participants to change room if they wish.

11. LAST MINUTE NOTICE

FGP22 will have 130 talks within Mini Symposia and Contributed sessions and 11 Plenary Talks. Unfortunately, one of our Keynote Speakers, Frauke Liers, will not be able to attend.
